WORK EXPERIENCE

Amura Marketing Technology, Pune

Web Developer Intern   March 2025 - Sep 2025

- Developed and improved React.js components to make the website faster and more responsive.
- Integrated APIs and improved the front-end user experience for better performance.
- Created and customized WordPress themes and plugins as per client requirements.
- Worked on WordPress and Shopify websites, delivering fast, high-converting landing pages and styling over 400+ SEO-friendly blogs.
- Helped increase website traffic by 35% through SEO and performance optimization.
- Automated quotation workflows by integrating Kylsa CRM with Ruby on Rails, delivering 40+ quotations automatically.

SKILLS

- **Front-End:** HTML5, CSS3, JavaScript, jQuery, React.js
- **Back-End & Database:** PHP, Node.js, MySQL
- **Version Controls & Tools:** Git & GitHub, Postman, AI Tools
- **Soft Skills:** Problem-Solving, Team Collaboration, Communication

PROJECTS

Movie- Web Panel 🔗

- Developed a responsive web panel using React.js with pages for Popular, Top Rated, Upcoming Movies, and Single Movie Details to enhance user browsing experience.
- Integrated the TMDB API to fetch real-time movie data dynamically.
- Implemented global search functionality with pagination, helping users quickly find movies and improving overall usability.

AI-Driven Review Filter Plugin

- Developed a custom WordPress plugin that uses AI to detect and hide negative reviews while highlighting positive ones.
- Integrated OpenAI API for sentiment analysis to maintain brand reputation and improve user trust.
- Enhanced website conversion rates by ensuring only relevant and quality reviews are displayed.
- Built with PHP, JavaScript, and WordPress REST API for seamless functionality and performance.

Fitness Center - Management System

- Developed a responsive admin web application to manage club activities, events, and memberships.
- Designed an intuitive UI for creating, updating, and tracking event and member details.
- Implemented SMTP integration to send automated email updates and event reminders to registered members.
- Ensured secure backend operations and data consistency using PHP and MySQL database integration.
- Deployed and tested locally using XAMPP, handling full-stack development and debugging.
